Title	Name	Role	Address
-------	------	------	---------

Notes:

The roles listed seem to be interchangeable , for example assistant, Ward work and messroom could be much the same duties. Most ladies were volunteers although some payments were made.

VAD nurse and probationer nurse indicates the home nursing and first aid certificates had either been achieved or were being studied for.

A small number of fully qualified trained nurses were appointed and in some cases accounts for a home address outside the area.

Christine Weissenbruch is possibly a member of a Belgian refugee family living in the town.
